

learning essentials

with Andrea Hillbrick

Wednesday, 1 August 2007

I am currently working with Literacy Leaders across the state exploring the Literacy professional Learning Resource. This is most rewarding and enjoyable.

One of the tools we use to explore the key message 'Literacy beyond the classroom and school' is the Random Input Box.

The reference for this tool is:

'How to have creative ideas :62 exercises to develop the mind'
Edward DeBono 2007

I have included the 100 nouns that I use in my Random Input Box.

Enlarge the A4 sheet to A3. Cut up the words and place in a box.

Enjoy developing your creativity skills!

Regards,

Andrea
